CaringKind is a leading expert on Alzheimer's and dementia caregiving. *With over 45 years of experience, we work directly with our community partners to develop the information, tools, and training to support individuals and families affected by dementia.*

In 2025, we launched Partnering Together support groups in Connecticut and are continuing to grow our offerings, including new music programming in Westport—*The Unforgettables*—and horticultural therapy opportunities in partnership with AWEN. (AWEN - Awen Psychological Services, providing counseling and mental health through Horticultural Therapy)

MAY 14,
2026

“Hope Blooms” is more than a celebration – it is a cornerstone fundraising event that sustains CaringKind’s mission as the Trusted Partner in Care. Support from this event ensures CaringKind’s programs and services remain free and accessible to all who need them, including families across Connecticut as CaringKind expands its reach.

This support fuels growth – helping CaringKind bring innovative programs, trusted education, and compassionate care to more communities. Every act of generosity helps something grow.

*Your support powers that mission.
Every step builds stronger communities.*
